1. Introduction

1.1 School Mission Statement

Athboy Community School is

[Ethos Work pending]

1.2 Approach to Care

Through its pastoral care arrangements and provision, Athboy Community School demonstrates its continuing concern for the academic, psychological, emotional, physical, personal, social, and spiritual development of all its pupils. Pastoral care is at its most effective when it is fully integrated into the school's daily curriculum, extra-curricular and co-curricular activities. This is the holistic approach which is promoted in Athboy Community School. As such Pastoral care involves not only the pastoral care team but all members of staff. We as a community school work tirelessly in supporting our students, parents/guardians and staff. Our core values X, Y and Z are embedded in all policies and procedures in our school.

1.3 Rationale

Pastoral Care is a core dimension of life at ACS. It is defined as the system of roles, resources, structures, policies, programmes and processes employed to support the development of young adults and staff. Pastoral Care is an integral part of our approach to a holistic education, which puts the educational, emotional, social, and spiritual development of our student at the centre of its learning values. This policy sets a formal structure for pastoral care, setting out clear and defined roles and expectations to ensure that every member of our school community has access to relevant pastoral structures and procedures. It is our goal to provide a safe, caring and supportive environment for students. In addition, we strive to care for support and encourage each member of the school community. As such we review our pastoral care structure each year and ensure the participation of all stakeholders in a consultative process to guarantee that we are ever evolving in the provision of services based on the needs of the students in our school community.

1.4 Aims of Policy

The ethos of Athboy Community school has clearly taken into account the importance attached to the pastoral care of all its students. We aim to maintain the highest standards of teaching and learning within the school environment. The pastoral care aims:

- To support a broad, balanced and innovative curriculum for all students; addressing their needs and enabling them to experience both personal and academic success.
- To encourage the students to value themselves, one another, and to respect the views of other members of their community.
- To develop the student's self-confidence, self-esteem and self-discipline.
- To prepare the students for the opportunities, responsibilities and experiences of adult life.
- To respond in a sympathetic and understanding way to the concerns, fears and worries of all students.
- To provide opportunities for reflection and discussion enabling students to develop a framework for responsible decision-making.

It will be available from our website, app and in the school journal and is provided to all students and parents of our school prior to enrolment in the school. The purpose of the Learning Code is to recognise positive behaviour and to focus on students' assets in order to allow all students to learn and all teachers to teach without disruption. This code clearly lays out what behaviour is expected of all students in Athboy Community School. All students must accept the Learning Code in order to enrol each year.

These initiatives are whole school activities and are incorporated into all aspects of the school

3.5 Meitheal Programme (title to be confirmed for September 2024)

We run a programme based on the principles of One Good Adult, the idea that we as a school can offer support and stability to students in ways that go beyond academic achievement. Staff volunteer to be Meitheal Mentors and to be a point of contact for particular students. We facilitate this by:

- Surveying all our students to allow them pick who they see as being the person they could turn to.
- Each staff member is then matched accordingly and appropriately.
- Each student and staff member are then introduced and the scope of the programme are explained.
- Any interactions are governed by the Childrens First Guidelines 2017.

Students may also self-refer and consult the Guidance Counsellor resulting in the issue of an appointment. The voluntary participation in counselling of the referred student must be respected by all concerned.

6.2 The Nurture Programme

The Nurture Programme will be rolled out in Athboy Community School in September 2024. Training will be provided for staff members who volunteer to get involved in in 2023-2024.

The concept of nurture in education recognises that students' wellbeing is as important as their academic achievements. Schools applying a nurture approach address the social, emotional and learning needs of individual students by providing help to remove barriers to learning. There is a strong emphasis on emotional literacy, language development,

relationships and communication. When the barriers to learning have been addressed and children feel connected to school life, then engagement in learning follows. The outcomes of such an approach can be transformative.

Students are recommended by their year head as potentially benefitting from attending a nurture group. In consultation with the relevant member of the nurture team and the SNA, a Boxall Profile is complete. This provides targets to work on with the student such as communication, social and confidence skills. Students are observed in their class group to provide further information to the team.

Year groups are not mixed and attend with students from their own cohort. They attend up to 3 x 1 hour sessions per week. Post nurture observations are carried out and a further Boxall Profile completed, again in consultation with the year head and SNA, and targets revised where necessary.

7. Additional Educational Need Supports Offered *(will be rolled out in full for Sept 2024)*

7.1 AEN Link Teachers

Each year group is assigned an AEN Link teacher who monitors the supports in place for students with AEN in the group. They liaise with the Learning Support teachers of English and Maths and with the AEN teachers who withdrawn small groups or individuals for specialised support. In this way they ensure that no student gets left out.

7.2 Co-teachers for Maths and English

Each year group has blocked Maths and English classes which allows for one or more co-teachers to be allocated to the year group. The role of the co-teacher is to work with the subject teacher to support differentiation for all students.

7.3 AEN Teachers

Students in need of specialised support may be withdrawn from class in small groups or individually to get support in some area of the curriculum or the hidden curriculum. All records of targets and classes are maintained in a Teams One Note designed for this purpose.

The Transition Year (TY) is a one-year programme that forms the first year of a three-year senior cycle in many schools. It is designed to act as a bridge between the Junior Certificate and Leaving Certificate programmes.

The process of transition begins in January of 3rd Year when students and their parents/guardians are invited to an Information Evening in the school to hear about the curriculum in Transition Year. It is a mandatory year for most students except for those who choose to do the Leaving Certificate Applied Programme and go straight to a two year Leaving Cert.

The TY Programme in ACS is a broad a varied one with up to 40 different subjects on offer and students are encouraged to participate to the best of their ability in order to benefit as much as possible. Students tend to grow in maturity, in confidence, to develop very positive relationships with staff and classmates and to do better academically as a result of doing the year.

8.4 Junior Cycle to LCA

The Transition from Third Year to 5th Year in the LCA Programme is a big one. Some students choose to do TY and then to do LCA, which is encouraged. In a small number of cases, where a student wishes to accelerate their progress through school, they may opt to apply to do the LCA Programme.

This transition process consists of the following steps:

- Information Evening is held in January of Third Year to inform parents and students about the programme
- An Information session is scheduled for students the following week to go over the material and offer an opportunity to ask questions
- Students considered to be suited to the programme are approached and discuss their options with the respective year head and LCA Coordinator.
- The LCA Coordinator reaches out to parents and schedules a meeting to discuss their child's suitability for the programme
- The LCA Coordinator organises get togethers between the current LCA students and the prospective ones several times between February and May to give students an opportunity to ask questions of peers.
- The LCA Coordinator organises a trip for the new LCA students early in 5th Year to promote bonding.

8.4 Leaving Certificate to Further/Higher Education/Apprenticeships/the Workplace

The Guidance Counsellor works closely with the 5th and 6th Year students through timetabled career classes and individual appointments with each student to discuss their plans.

Trips to college open days are organised as are guest speakers from various walks of life to come to talk with students about career options.

9. Child Protection

The school has a separate Child Protection Policy. All teachers are mandated persons under *Children First 2017* and are duty bound to report any Child Protection issues to the DLP or DDLP. All concerns around the area of child protection must be reported to the Principal, Ms Clare Garrihy who is the Designated Liaison Person (DLP) for the school or Mr Tom O'Dowd, the Deputy Designated Liaison Person (DDLDP) for the school.

10. Critical Incidents

'A critical incident is any incident or sequence of events which overwhelms the normal coping mechanisms of the school and disrupts the running of the school.'

Athboy Community School (ACS) aims to protect the well-being of its students and staff by providing a safe and nurturing environment. The key to managing a critical incident is planning. ACS has established a Critical Incident Management Team (CIMT), which will take responsibility for steering the development and implementation of a Critical Incident Management Policy and Plan (CIMP).

The aims of this policy are as follows:

- To formulate a step by step policy that will facilitate a quick and efficient response from staff in the event of a critical incident.

The Care Team meet once a week for a class period (1 hour). This meeting is scheduled in advance to ensure all members are available. In preparation for this meeting, an “At Risk Register” is completed by all members of the Care Team on a daily/weekly basis, detailing referrals into the different supports/services within the school. This register then forms the basis of the meeting, as well as any other business that might be brought forward. At the meeting, the needs of the students are discussed, and interventions/actions are planned. These meetings, and “At Risk Registers”, are all recorded through SharePoint and shared with relevant parties on a weekly basis, in accordance with GDPR. All minutes of the meeting or password protected.

All communication is in line with the Data Protection Acts of 1988 and 2003. All records are archived on a weekly and yearly basis, stored digitally on our secure network
